Setting Up Your Mobile Banking

PCT Federal Credit Union's Mobile Banking allows you to access and manage your accounts anytime, anywhere. Follow the simple steps below to set up your Mobile Banking!

Note: If you are a NEW user to Online Banking, you must set up your Online Banking account before downloading and signing into the Mobile Banking app. Once your Online Banking account is set up, you can use your Online Banking login credentials to log into the Mobile Banking app.

- Visit the App Store or Google Play Store to download the PCT Federal Credit Union Mobile Banking app (search for PCT FCU or PCT Federal Credit Union)
- Click the app from your home screen to open it
- The app will walk you through options you can choose to log into your Mobile Banking app. The options you will walk through are:

  » Enter your Online Banking username and password
  You can also choose a different login option by swiping through the screens and clicking "enroll" for the option you prefer.

  » Use your voice

  » Enter a PIN

  » Use your fingerprint

  » Use facial recognition

- Once you have swiped through the login options screens, press the "Done" button
- Next, click the "My Accounts" icon that looks like a building that is located in the middle at the bottom of your screen
- Enter your Online Banking username and password
- Press the "Continue" button
- Answer your security questions if you are prompted to do so
- And, you're done! You are now set up for Mobile Banking and can access your PCT FCU accounts from your smartphone.

Our Mobile Banking allows you to conveniently check account balances, make transfers, pay bills and more! Let us bring the branch to you.
